

BRIAN KIMUMA JORAM

Objectives

To steer my efforts towards being competent in Telecommunication and in understanding the principles in ensuring a secure and reliable communication.

Skills and Competence

- Creative and critical thinking; can up with new ideas and solutions to any problem that'll be present in my area of work.
- Able to work in a team
- Time management; able to work within the time limits.
- Competent in C++ and Python programming languages.

Education

Kenyatta University, Nairobi

- Bachelor's degree in Telecommunication and IT (2019 to current)

Gingo Secondary School, Mbita (2015-2018)

- KCSE 2018
- Mean grade B+ (71 points)
- Awarded position 2 in Suba Sub-County Science and Engineering Fair
- Awarded position 12 in Homa-Bay County Science and Engineering Fair

Nyabola Primary School, Oyugis

- KCPE 2014
- Mean grade A- (378 marks)

P.O. BOX 54
OYUGIS, 40222

0758 609540

D.O.B,
12th October, 2001

Relevant Knowledge

I have knowledge and interest in these areas of Telecommunication through my 4 years study:

1. Satellite communication: knowledge in establishing communication links, ensuring zero or minimum attenuation and reception of signals at the receiving station.
2. Networking: routing of data packets in any network topology and ensuring its eventual reception.
3. Fiber-optics communication: in transmission, signal regeneration, reception and in reducing losses in the fiber cable.

Hobbies and Interests

- Reading novel and reciting poems
- Drawing
- Travelling
